Unless provided to the contrary on the plat of a specific addition to the Community or in the Supplemental Declaration relating to such addition, the Developer reserves to itself, its successors, assigns and designees and to the Club and to the Utility, for purposes incident and convenient to the development, the maintenance, the preservation, the operation, and the enhancement of esthetic values of the property subject to this Declaration, the following easements and rights-of-way.

- A. Easements as shown on the plats of the individual additions.
- B. A ten (10) foot wide easement over, under, and through all tracts for utility and drainage purposes and right of way related thereto along each side of any public road right-of-way or corporate road right-of-way.
- C. A ten (10) foot wide easement over, under, and through all residential lots for utility and drainage purposes and rights-of-way related thereto along each side of each lot line, except as heretofore provided for in the case of consolidated sites; except that there shall be no such easement along lot side lines of townhouse lots.

- D. An easement over, under and through all corporate areas and utility areas for utility and drainage purposes and rights-of-way related thereto and for general access purposes.
- E. An easement over, under and through the body and bed of any lake, stream, creek, canal, channel or waterway for utility and drainage purposes and rights-of-way related thereto and for general access purposes.
- F. An easement over all property in the Community for the purpose of constructing, installing, maintaining, operating and repairing the corporate areas and corporate facilities and the utility areas along with the rights of reasonable access to and entry upon any property in the Community as it may become necessary to accomplish the purposes or which this easement is reserved.
- G. Such other easements or rights-of-way as may be needed for the natural and ordinary development, organization and use of the property comprising the Community.
- H. An easement and right of access to all tracts for the purpose of (1) removing unsafe, unsightly, or unsanitary garbage, trash, junk, rubbish, waste material of any kind or character, junked or disassembled vehicles or boats, dilapidated buildings, or other structures, the remains of burned or damaged structures of any kind, (2) repairing and refurbishing unsafe, unsightly, or unsanitary buildings or other structures of any kind (3) repairing and refurbishing unsafe, unsightly, unsanitary constructions such as driveways, culvert pipes, walkways, and the like (4) cutting, trimming, pruning, and removing unsafe, unsightly, and unsanitary grass, weeds, bushes, trees, and other vegetation, and (5) removing unauthorized signs. The personal obligation for such assessed costs shall not pass to the owner's successors in title unless expressly assumed by them. The lien of the assessed costs provided for herein shall be subordinate to the lien of any first mortgage, deed of trust, or equivalent security interest given in connection with and for the purpose of financing the purchase of the tract or the construction of improvements thereon. Sale or transfer of any tract shall not affect the lien of the assessed costs; however, the sale or transfer of any tract pursuant to the foreclosure of a first mortgage, deed of trust, or equivalent security interest given in connection with and for the purpose of financing the purchase of the tract or the construction of improvements thereon, or any proceeding in lieu thereof, shall extinguish the lien of such assessed costs which become due prior to such sale or transfer. No such sale or transfer shall relieve a tract from liability for any such assessed costs thereafter becoming due or from the lien thereof.

VII. Use of Club Owned Property and Facilities

All rights and easements of members to the use, enjoyment of all corporate areas and corporate facilities shall be appurtenant to and shall pass with the title to every residential parcel, membership certificate, and special membership certificate and may not be separated there from.

A. Use of Common Areas and Common Facilities

Every member shall have a right and easement of use and enjoyment in and to the common areas and common facilities subject to the following provisions and limitations:

1. Those persons in a member's family, who reside with him in his household, shall have the same right and easement of use and enjoyment, as does the member.
2. The guests of a member shall have the same right and easement of use and enjoyment as does the member with the following exceptions:
 - a. The Developer or the Club may adopt rules and regulations limiting the number of guests permitted to each member at any one time or over any period of time.
 - b. The Developer or the Club may enact rules and regulations which exclude guests from the use of certain common areas and common facilities at particular times or entirely, or which limit the number of guests permitted to use certain common areas and common facilities at any one time.
3. The Developer or the Club may make certain common facilities and common areas available for public use.
4. The Developer or the Club may charge reasonable admission fees and other fees for the use of the common facilities. Any fee schedule established for such facilities may be graduated to reflect preferential treatment in favor of (1) members and those persons in a member's family who reside with him in his house-hold, (2) guests of members, and (3) the general public, in that order. Any fee schedule established may reflect reasonable distinctions and preferences such as lesser rates for children and older persons, special family, season, and multiple-facility rates, and such other distinctions and preferences as may seem reasonable and appropriate to the Developer or the Club.
5. The Developer or the Club may suspend the right of a member to use the common areas and common facilities, or parts thereof, for any period during which any assessment against the member's residential parcel, membership certificate, or special membership certificate remains unpaid and delinquent. The suspension of a member's right to use any of the common areas or facilities for non-payment of an assessment shall automatically suspend the right of such member's family and guests to use such common areas and facilities.
6. The Developer or the Club may adopt and publish rules and regulations governing the use of, and conduct upon and in, the common areas and common facilities and may suspend any person's right to use the common areas and common facilities, or parts thereof, for any infraction of such rules and regulations for such period of time as may be reasonable under all of the facts

and circumstances of the individual case. Any such suspension shall apply only to the particular human individual or individuals who committed the infraction involved.

7. An associated structure constructed on the common areas by a member with the consent of the Developer, the Club, or the Committee shall be for the exclusive use and enjoyment of such member.
8. Private facilities situated on the common areas shall be for the exclusive use and enjoyment of those members who are entitled to the enjoyment and benefit of the particular private facility as hereinabove provided in the definition of "private facilities."

B. Use of Private Areas and Private Facilities

Those members who are entitled to the enjoyment and benefit of particular private areas and private facilities as hereinabove provided in the definitions of such terms, shall have a right and easement of use and enjoyment in and to such particular private areas and private facilities subject to the following provisions and limitations:

1. Those persons in a member's family, who reside with him in his household, shall have the same right and easement of use and enjoyment, as does the member.
2. The guests of a member shall have the same right and easement of use and enjoyment as does the member with the following exceptions:
 - a. The Developer or the Club may adopt rules and regulations limiting the number of guests permitted to each member at any one time or over any particular period of time.
 - b. The Developer or the Club may enact rules and regulations, which exclude guests from the use of certain private areas and private facilities at particular times or entirely, or which limit the number of guests permitted to use certain private areas and private facilities at any one time.
3. Private area and private facilities shall not be open to the general public. Members who are not entitled to the enjoyment and benefit of particular private areas and private facilities in accordance with the definitions of such terms contained in this Declaration, shall have no rights in such private areas and private facilities greater than those of the general public.
4. The Developer or the club may charge reasonable admission fees and other fees for the use of the private facilities. Any fee schedule established for such facilities may be graduated to reflect preferential treatment in favor of (1) members and those persons in a member's family who reside with him in his house-hold and (2) guests of members, in that order. Any fee schedule established may reflect reasonable distinctions and preferences such as lesser rates for children and older persons, special family, season, and multiple-facility rates and such other distinctions and preferences as may seem reasonable and appropriate to the Developer or the Club.
5. The Developer or the Club may suspend the right of a member to use the private areas and private facilities, or parts thereof, for any period during which any assessment against the member's residential parcel remains unpaid and delinquent. The suspension of a member's right

to use any of the private areas or private facilities for non-payment of an assessment shall automatically suspend the right of such member's family and guests to use those private areas and private facilities.

6. The Developer or the club may adopt and publish rules and regulations governing the use of and conduct upon and in the private areas and private facilities and may suspend any person's right to use the private areas or private facilities, or parts thereof, for any infraction thereof for such period of time as may be reasonable under all of the facts and circumstances of the individual case. Any such suspension shall apply only to the particular human individual or individuals who committed the infraction involved.

C. Delegation of Use Privileges

A member may delegate his right and easement of use and enjoyment to the corporate areas and corporate facilities subject to the following restrictions, limitations, and requirements.

1. An owner or a certificate holder of a membership certificate may delegate his right and easement of use and enjoyment in and to the corporate areas and corporate facilities to other persons, except that an owner of a residential parcel or a certificate holder who is not a corporation, partnership or other non-human legal entity may make such delegation only to members of his family, his tenants, or contract purchasers of the residential parcel. All such delegations must be for a period of not less than seven (7) days in length and must be made by a writing delivered to the Developer or the Club at least seven (7) days prior to the effective date of the delegation, this requirement may be wholly or partially waived by the Developer or the Club. The Developer or the Club may charge a processing fee not to exceed ten dollars (\$10.00) for each such delegation received. The Board may increase the maximum allowable fee by a percentage not to exceed the percentage by which the Federal Consumer Price Index at the time such increase is made exceeds the Federal Consumer Price Index for June 1974.
2. The certificate holder of a special membership certificate may delegate his right of use and enjoyment in and to the corporate areas and corporate facilities to other persons. No advance notice to the Developer of the Club shall be required and such delegation may be for any period of one day or greater in length. No processing or other special fee may be charged by the Developer or the Club for such delegations. Delegations hereunder may be made by issuing the person to whom the delegation is made a card or other document bearing thereon the following: (1) the name of the person to whom the delegation is made, (2) the signature of the person to whom the delegation is made, (3) the name of the holder of the special membership certificate, (4) the number or other designation of the special membership certificate, and (5) the signature of the holder of the special membership certificate.
3. Any delegation by a member of his right and easement of use and enjoyment to the corporate areas and corporate facilities shall delegate all such rights and easements which appertain to the particular membership for which the delegation is being made, including the right of use by family members and guests; the partial or fractional delegation of such rights and easements shall not be permitted with respect to any membership. A member may make at any one time as many delegations of such rights and easements as the total number of memberships to which he is entitled by virtue of being an owner or certificate holder.

D. Developer's Use of Corporate Areas and Corporate Facilities

Notwithstanding anything in this Declaration to the contrary, the Developer hereby absolutely reserves for itself, its agents, employees, guests and invitees, the right of access to, use and enjoyment of all corporate facilities without any charges or fees.

VIII. Voting Rights

There shall be two (2) classes of voting membership as follows:

A. Class A.

Class A members shall be all members with the exception of the Developer and shall be entitled to votes as follows: One (1) vote for each owner membership and one (1) vote for each certificate holder membership to which such member is entitled. In no event may more than one vote be cast with respect to any one owner membership or any one certificate holder membership and, in no event, may any vote be cast with respect to any inactive owner membership or inactive certificate holder membership.

B. Class B.

Class B members shall consist of the Developer only. The Class B member shall be entitled to votes as follows: Five (5) votes for each certificate holder membership to which the Class B member is entitled, and five (5) votes for each owner membership to which the Class B member is entitled.

A. Membership in the Club shall be limited to the following persons:

1. Residential parcel owners.
2. Certificate holders.

B. The Club may issue membership certificates in accord with the provisions contained in its Articles of Incorporation and By-Laws; provided, however, the number of valid membership certificates outstanding at any one time, together with the number of valid special membership certificates outstanding at any one time shall not exceed 3,000. Notwithstanding the foregoing, prior to December 31, 1989, the Club shall not issue any membership certificates without first having obtained the Developer's written authorization to do so, which authorization the Developer may or may not, in its sole discretion, grant. This Amendment shall not affect previously issued and outstanding valid membership certificates.

C. The Club shall not issue a special membership certificate to any person other than the Developer without first having obtained the Developer's written authorization, which the Developer may or may not, in its sole discretion grant.

X. Developer's Covenant to Convey Corporate Areas and Corporate Facilities

A. The Developer hereby covenants to convey title to the corporate areas and the corporate facilities to the Club, subject to the restrictions, covenants and easements contained in this Declaration and in any Supplemental Declarations. Conveyance of title to the corporate areas and the corporate facilities may be accomplished by means of a single conveyance, or by means of two (2) or more conveyances of selected portions of the corporate areas and corporate facilities, as the Developer, in its sole discretion, shall decide. The Conveyance, or conveyances, of title to the corporate areas and the corporate facilities shall be made at such time, or times, as the Developer, in its sole discretion, shall decide, provided however, that title to all corporate areas and all corporate facilities shall be conveyed not later than six (6) months following the completion of the sale of tracts in the Community. The Developer's obligation to convey title to the corporate areas and corporate facilities, and any such conveyances actually made by the Developer to the Club, shall be subject to, and conditioned upon, the following conditions: Prior to any conveyance of title to any corporate area or corporate facility made by the Developer to the Club, the Club shall either incorporate into its By- Laws by reference, or shall insert in its By-Laws at length, all of the provisions of this Declaration and any Supplemental Declarations as shall be pertinent and applicable to the Club and its membership; shall be bound to retain such provisions in its By-Laws, either by incorporation or at length, for so long as this Declaration shall remain in effect; and in the event that the Club shall, at any time, fail so to retain any or all such provisions in its By-laws, either by incorporation or at length, then, title to any and all corporate areas and corporate facilities previously conveyed to the Club shall terminate in the Club and such title shall revert to the Developer. Any conveyance of corporate areas shall automatically include a conveyance of any corporate facilities located thereon; provided that nothing herein shall obligate the Developer to convey to the Club boat docks, marinas, piers, or other structures constructed in or adjacent to any lake, canal, channel or other waterway, unless the same have specifically been identified as corporate facilities to be conveyed to the Club. The Developer shall not be obligated to convey and the Club shall not be entitled to have conveyed to it any facilities, which are not situated on the corporate areas. The Club shall be required to accept any conveyance or conveyances of title made by Developer pursuant to this Section.

1. Upon the conveyance of the existing clubhouse to the Club, the Developer shall be entitled to continue to use the clubhouse for a sales and administrative office until all tracts in the Community have been sold; the Developer shall not be required to pay rent during such period, but shall be responsible for its pro-rata share of the costs and expenses of maintaining and operating the clubhouse, based upon the amount of space in the clubhouse occupied by the Developer as compared to the total space available for use therein.

XI. Utilities, Services, and Roads

The Utility, whether comprised of one or more persons or entities, may provide for the installation, maintenance, and operation of water supply systems, sewage and waste disposal systems, electrical power, and similar utility systems, garbage and refuse collection services, lake and stream water quality monitoring and treatment services, road installation and improvement, and road maintenance services.

A. Utility Assessments

Every owner of any tract covered by this Declaration, by acceptance of a conveyance of or contract to convey such tract hereby covenants and agrees for each such tract owned, as follows:

1. To pay, as assessed and when due, the following
 - a. Standby, hook-up, maintenance, services, and user charges imposed by the Utility.

- b. Special assessments imposed by the Utility for the construction, reconstruction, repair or replacement of systems, facilities, or equipment.
 - c. Any interest charges on any of the above
2. All of the assessments and charges enumerated above, together with interest, court costs and reasonable collection costs shall be a charge on the land and shall be a continuing lien upon the tract against which each such assessment or charge is made and shall be a personal obligation of the person who was the owner of such tract at the time when the assessment or charge became due. The personal obligation for delinquent as-assessments and charges shall not pass to the owner's successors in title unless expressly assumed by them.
3. The lien of assessments and charges enumerated above shall be a continuing lien and shall exist and be valid against the tract although no assessments or charges are then due or assessed.
4. The lien of the assessments and charges provided for herein shall be subordinate to the lien of any first mortgage, deed of trust, pledge agreement, or equivalent security interest given in connection with and for the purpose of financing the purchase of the tract or the construction of improvements thereon. Sale or transfer of any tract shall not affect the assessment lien; however, the sale or transfer of any tract pursuant to the foreclosure of a first mortgage, deed of trust, pledge agreement or equivalent security interest in connection with and for the purpose of financing the purchase of the tract or the construction of the improvements thereon, or any proceeding in lieu there-of, shall extinguish the lien of such assessments and charges which become due prior to such sale or transfer. No such sale or transfer shall relieve a tract from liability for any assessments or charges thereafter becoming due or from the lien thereof.
5. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at twelve percent (12%) per annum, or at such lesser rate that is the maximum permitted by law. The Utility may bring an action at law against the person personally obligated to pay the same, or, foreclose the lien against the tract. No person may waive or otherwise escape liability for the assessments provided for herein by non-use of the corporate areas, and corporate facilities, or other property or facilities comprising the Community or by non-use or abandonment of his tract.

B. Utility Areas

The Developer may make such disposition and use of the utility areas or any parts thereof as it may, in its sole discretion, deem appropriate without restriction or limitation whatever. Permitted uses shall include, but shall not be limited to all types of sewage disposal facilities, water works, garbage and refuse disposal facilities, electric power and telephone facilities, equipment and machinery storage areas, road and building material storage and the like. The Developer may limit or restrict the use of any particular utility area by provision on the plat of the addition in which such utility area is located or in the supplemental covenants relating to such addition.

C. Exemptions from Utility Assessments

Notwithstanding anything in this Declaration to the contrary, the Developer shall not be obligated to pay assessments and charges imposed by the Utility. The Developer may contract directly with the Utility for services and for assessments and charges related thereto independently of the provisions of this Declaration.

XII. Assessments

For the purpose of promoting the recreation, health, safety and welfare of the members of the Club and other residents and visitors to the community, and for the purpose of preserving, construction, re-construction, maintaining, replacing, safeguarding, and operating the corporate areas and corporate facilities and other property and facilities comprising the Community, the Developer and the Association may levy, establish, and collect the assessments and user fees hereinafter provided.

A. Assessments.

Every residential parcel owner by acceptance of a conveyance or contract to convey a residential parcel hereby covenants and agrees, and every certificate holder, by acceptance of a conveyance of title or contract to convey title to a membership certificate or special membership certificate hereby covenants and agrees for each owner membership to which such residential parcel owner is entitled and for each certificate holder membership to which such certificate holder is entitled as follows:

1. To pay to the Club, as assessed and when due, the following

- a. Annual Assessment for Common Areas and Common Facilities.

- i. Due Dates. The annual assessment shall be due for each successive twelve-month (12-month) period commencing with the twelve-month (12-month) period beginning April 1, 1975, and ending March 31, 1976. The annual assessment for the succeeding twelve-month (12-month) period will be delinquent if not paid within thirty days (30) of the due date. The assessment period commencing April 1, 1983 shall be a fourteen-month (14-month) period ending May 31, 1984. The annual assessment for this fourteen-month (14-month) period will be delinquent if not paid within thirty days (30) of the due date. Thereafter, the annual assessment shall be due for each successive twelve-month (12 month) period beginning June 1, and ending May 31. The annual assessments for each succeeding twelve-month (12-month) period will be delinquent if not paid within thirty (30) days of the due date.

- ii. Purchase from Developer. Upon the purchase of a Lot, Tract or membership from the Developer, the portion of the annual assessment owed by such purchaser shall be an amount which bears the same relationship to the annual assessment applicable to the year of purchase as the remaining number of months in the annual Assessment bears to twelve. Such first annual assessment or portion thereof for which a purchaser is thus liable shall be due on the first day of the month following closing of the title to the purchaser.

- iii. Maximum Amount. The first annual assessment due for the twelve-month (12- month) period commencing April 1, 1975, and ending March 31, 1976, shall be in the maximum amount of twenty-five dollars (\$25.00); the second annual assessment shall be in the maximum amount of forty-five dollars (\$45.00); the third annual assessment shall be in the maximum amount of sixty-five dollars (\$65.00).

iv. Increase in Amount. Prior to the due date of the fourth and subsequent annual assessment, the Board may increase the annual assessment for the next succeeding annual assessment periods.

v. Uniform Rate. Annual assessments must be fixed at a uniform rate for all owner memberships and certificate holder memberships and may be collected on an annual, quarterly, monthly, or other convenient basis as determined by the Board.

b. Special Assessments for Capital Improvements to Common Areas and Common Facilities. In addition to the annual assessments authorized above, the Club may levy, in any annual assessment period a special assessment applicable to that period only for the purpose of defraying the whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement comprising a part of the common areas or common facilities, including fixtures and personal property related thereto; provided that any such special assessment shall have the assent of two-thirds (2/3) of all of the votes cast by the members on such proposition at a meeting of members. Special assessments of capital improvements must be fixed at a uniform rate for all owner memberships and certificate holder memberships and may be collected on an annual, quarterly, monthly or other convenient basis as determined by the Board.

c. Annual Assessments for Private Areas and Private Facilities. The Club shall establish an annual assessment, which may be increased by the Club for subsequent annual assessment periods, in such initial amount as it deems reasonable and sufficient for each private area and private facility, or such combinations thereof as it deems appropriate for the purpose of paying the costs of preserving, constructing, reconstructing, maintaining, replacing, safeguarding, and operating such particular private areas and private facilities. Only those members who are entitled to the enjoyment and benefit of a particular private area or private facility by virtue of their ownership of specific residential parcels, shall be obligated to pay the annual assessments for such particular private areas or private facilities, and such assessments shall be a charge upon and a lien against only such specific residential parcels. The due dates for such assessments and provisions for the commencement of a member's obligation to pay such assessments shall be the same as provided in the Supplemental Declaration pertaining to the addition in which any such private areas and private facilities are located. Annual assessments for private areas and private facilities must be fixed at a uniform rate for all owner memberships to which they apply, unless otherwise provided in the Supplemental Declaration pertaining to the addition in which any such private areas and private facilities are located, and may be collected on an annual, quarterly, monthly or other convenient basis as determined by the Board.

d. Special Assessments for Capital Improvements for Private Areas and Private Facilities. In addition to the annual assessment for private areas and private facilities authorized above, the Club may levy, in any annual assessment period, a special assessment applicable to that period only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement comprising a part of a particular private area or private facility, including fixtures and personal property related there-to; provided that any such special

assessment shall be the obligation of only those owners of parcels who are obligated to pay the annual assessment for such particular private area or private facility as provided above and that such special assessment shall be a charge upon and a lien against only such parcels and, further provided, that any such special assessment shall have the assent of two-thirds (2/3) of all the votes cast on such proposition at a meeting of members who would be obligated to pay for such special assessments, such meeting having been called for such purpose. Special assessment for capital improvements, such meeting having been called for such purpose. Special assessments for capital improvements for private areas and private facilities must be fixed at a uniform rate for all owner member-ships to which they apply, unless otherwise provided in the Supplemental Declaration relating to the addition in which such private areas or private facilities are located, and may be collected on a monthly or other convenient basis as determined by the board.

2. All of the assessments enumerated above, together with interest, court costs, reasonable attorney fees, and reasonable collection costs shall be a charge on the land and shall be a continuing lien upon the parcel, membership certificate, or special membership certificate, against which each such assessment or charge is made and shall be a personal obligation of the person who was the owner or holder of such parcel or membership certificate, at the time when the assessment or charge became due. The personal obligation for delinquent assessments and charges shall not pass to the owner's or holder's successors in title unless expressly assumed by them.
3. The lien of assessments and charges enumerated above shall be a continuing lien and shall exist and be valid against the parcel, membership certificate, or special membership certificate, although no assessments or charges are then due or assessed.
4. The lien of the assessments and charges provided for herein shall be subordinate to the lien of any first mortgage, deed or trust, pledge agreement, or equivalent security interest given in connection with and for the purpose of financing the purchase of a parcel, membership certificate, or special membership certificate, or the construction of improvements thereon. Sale or transfer of any parcel, membership certificate, or special membership certificate shall not affect the assessment lien; however, the sale or transfer of any parcel, membership certificate, or special membership certificate pursuant to the foreclosure of a first mortgage, deed or trust, pledge agreement, or equivalent security interest given in connection with and for the purpose of financing the purchase of the parcel, membership certificate, or special membership certificate, or the construction of improvements thereon, or any proceeding in lieu thereof, shall extinguish the lien of such assessments and charges which became due prior to such sale or transfer. No such sale or transfer shall relieve a parcel, membership certificate, or special membership certificate from liability for any assessments or charges thereafter becoming due or from the lien thereof.
5. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at twelve percent (12%) per annum, or at such lesser rate that is the maximum permitted by law. The Club may bring an action at law against the person personally obligated to pay the same, or foreclose the lien against the parcel, membership certificate, or special membership certificate. No person may waive or other-wise escape liability for the

assessments provided for herein by non- use of the corporate areas or corporate facilities, or other property or facilities comprising the community or by abandonment of his parcel.

6. Anything in this Declaration to the contrary notwithstanding persons who own the entire title and interest in a special membership certificate shall have the unqualified right to transfer all such title and interest to the Club and thereby to be relieved of the obligation to pay any future assessments which had not yet become due at the time of such transfer of title and interest.
7. Notwithstanding anything in this Declaration to the contrary, the Developer shall not be required to pay any assessments of any nature, except assessments levied with respect to special membership certificates, which have been issued to it and of which it is the holder. This exemption from all assessments shall also extend to all lots and parcels of land within the community conveyed by the Developer to MJS Land Corporation, a Wisconsin corporation, its successors and assigns, provided that with respect to such lots and parcels of land, this exemption shall be effective only for the term during which the Developer retains an Option to Purchase or Right of Refusal with respect to lots and parcels of land. In lieu of all such other assessments, the Developer has covenanted to convey to the Club the corporate areas and corporate facilities as elsewhere set forth in this Declaration.

B. Inactive Owner Membership and Inactive Certificate Holder Membership

Notwithstanding anything in this Declaration to the contrary, any member who is possessed of a combination of two (2) or more owner memberships may declare, by a writing delivered to the board at least thirty (30) days in advance of the effective date of such declaration, that one (1) or more of such owner memberships are inactive, and when such action has been taken such owner membership shall be inactive as of the effective date of such declaration and the provisions set forth below shall apply, provided that every member must possess at least one (1) owner membership which has not been declared inactive and for which full assessments are being paid.

1. All annual assessments for corporate areas and corporate facilities which pertain to inactive owner memberships shall be one-fourth (1/4) of the amount of such assessments which would be due on such owner memberships if the same had not been declared inactive; provided that if the owner membership made inactive is one which appertains to a residential lot which is a part of a consolidated site as is described elsewhere in this Declaration, no such annual assessments shall be charged with respect thereto, except that at least one (1) full annual assessment or one (1) one-fourth (1/4) annual assessment, as the case may be, shall be charged with respect to every consolidated site.
2. Notwithstanding any other provision of this Declaration, the right and easements to the use, enjoyment, and benefit of corporate areas and corporate facilities may not be exercised by any member or by any other person with regard to any inactive owner membership during any period of which such inactive state is in effect.
3. An owner membership may be withdrawn from inactive status by a writing to that effect delivered to the Developer or the Board at least thirty (30) days prior to the effective date of such declaration, and when such action has been taken, it shall be, as to the future, as if such owner membership has never been made inactive and all future assessments shall be due in the full amount.

4. The full amount of the annual assessment must be paid with respect to inactive owner memberships for both the entire full annual assessment period during which the inactive status became effective and during which the withdrawal from inactive status became effective.

XIII. Supplemental Declaration.

The Developer may declare additional restrictions, covenants and easements applicable to specific additions or parts of additions which Supplemental Declarations shall include the provisions of this Declaration, whether or not incorporated directly or by reference; the supplemental Declarations for different additions or parts of additions may have different restrictions, covenants and easements, to the extent permitted by this Declaration.

XIV. General Provisions.

A. Transfer to Political Subdivision or Agency.

The Developer, the Club, or the Utility may transfer to a political subdivision or agency the ownership, operation, and maintenance of those corporate areas, corporate facilities, utility areas, and utility systems, which can be properly transferred to such political subdivision or agency on such terms as the Developer, the Club, or the Utility, as the case may be, deems fair and equitable.

B. Partition: Mortgage of Corporate Areas.

The corporate areas shall not be partitioned; and if the corporate areas or corporate facilities or any part of them, are mortgaged, the rights of the mortgagee on default shall be limited to entry, possession and operation of mortgaged property with such increase of user charges or extension of allowed user group as may be necessary to permit it to recover the amounts due it, following which such property shall revert to the ownership of the Developer or the Club as the case may be.

C. Severability.

If any one of these restrictions, covenants, or easements is ruled invalid by a court of competent jurisdiction, it shall not affect any other provisions of this Declaration which shall remain in full force and effect.

D. Notices.

Any notice including the assessment of dues, charges, and special assessments, sent to any member under this Declaration, shall be deemed to have been properly sent when mailed, post-paid, to the last known address of the person who appears as member on the records of the Club at the time of such mailing.

E. Enforcement.

Enforcement of these restrictions, covenants, and easements, and those under any Supplemental Declaration, shall be by the Developer, the Club, the utility, or by any owner or certificate holder by a proceeding at law or in equity against the following:

1. Any person or persons violating or attempting to violate them, to enjoin their actions, to recover damages or both; or
2. The land or the membership certificate to enforce any lien created hereunder. Failure of the Developer, the Club, the Utility, or of any owner or certificate holder to enforce any restriction, covenant, or easement herein declared shall in no event be deemed a waiver of the right to do so thereafter.
